
MATERIAL SAFETY DATA SHEET

Erythritol

1. Product Identification

Synonyms: meso-Erythritol; Erythritol; Phycitol

CAS No.: 149-32-6

Molecular Weight: 122,12

Chemical Formula: C₅H₁₀O₄

2. Composition/Information on Ingredients

Ingredient	CAS No	Percent	Hazardous
Erythritol	149-32-6	99-100%	No

3. Hazards Identification

Emergency Overview

As a part of good industrial and personal hygiene and safety procedure, avoid all unnecessary exposure to the chemical substance and ensure prompt removal from skin, eyes and clothing.

J.T. Beker SAF-T-DATA

Health Rating: 1 - Slight

Flammability Rating: 1 – Slight

Reactivity Rating: 0 – None

Contact Rating: 1 - Slight

Lab Protective Equip: GOGGLES; LAB COAT

Storage Color Code: Orange (General Storage)

Potential Health Effects

Inhalation:

No adverse health effects expected from inhalation.

Ingestion:

Large doses may cause gastro-intestinal upset.

Skin Contact:

No adverse effects expected.

Eye Contact:

No adverse effects expected.

Chronic Exposure:

No information found.

Aggravation of Pre-existing Conditions:

No information found.

4. First aid Measures

Inhalation:

Not expected to require first aid measures. Remove to fresh air. Get medical attention for any breathing difficulty.

Ingestion:

If large amounts were swallowed, give water to drink and get medical advice.

Skin Contact:

Wash exposed area with soap and water. Get medical advice if irritation develops.

Eye Contact:

Wash thoroughly with running water. Get medical advice if irritation develops.

5. Fire Fighting Measures

Fire:

Not considered to be a fire hazard.

Explosion:

Not considered to be an explosion hazard.

Fire Extinguishing Media:

Use any means suitable for extinguishing surrounding fire.

Special Information:

Use protective clothing and breathing equipment appropriate for the surrounding fire.

6. Accidental Release Measures

Ventilate area of leak or spill. Wear appropriate personal protective equipments as specified in Section 8. Spills: Sweep up and containerize for reclamation or disposal. Vacuuming or wet sweeping may be used to avoid dust dispersal.

7. Handling and Storage

Keep in a tightly closed container, stored in a cool, dry, ventilated area. Protect against physical damage. Containers of this material may be hazardous when empty since they retain product residues (dust, solids); observe all warnings and precautions listed for the product.

8. Exposure Controls/Personal Protection

Airborne Exposure Limits:

None established.

Ventilation system:

In general, dilution ventilation is a satisfactory health hazard control for this substance. However, if conditions of use create discomfort to the worker, a local exhaust system should be considered.

Personal Respirators (NIOSH Approved):

For conditions of use where exposure to the dust or mist is apparent, a half-face dust/mist respirator may be worn. For emergencies or instances where the exposure levels are not known, use a full-face positive-pressure, air-supplied respirators. WARNING: Air-purifying respirators do not protect workers in oxygen deficient atmospheres.

Skin Protection:

Wear protective gloves and clean body-covering clothing.

Eye protection:

Use chemical safety goggles. Maintain eye wash found and quick-drench facilities in work area.

9. Physical and Chemical properties

Appearance:

White crystalline solid.

Odor:

No information found.

Solubility:

Appreciable (>10%)

Specific Gravity:

1.45

pH:

Not information found.

% Volatiles by volume @ 21°C(70F):

0

Boiling Point:

330°C (626F)

Melting Point:

122°C(252F)

Vapor Density (Air=1):

Not applicable.

Vapor Pressure (mm Hg):

Not applicable.

Evaporation Rate (BuAc=1)

Not information found.

10. Stability and Reactivity

Stability:

Stable under ordinary conditions of use and storage.

Hazardous Decomposition Products:

Carbon dioxide and carbon monoxide may form when heated to decomposition.

Hazardous Polymerization:

Will not occur.

Incompatibilities:

No information found.

Conditions to Avoid:

No information found.

11. Toxicological Information

-----/Cancer Lists/-----

Ingredient	-----NTP Carcinogen-----		IARC Category
	Known	Anticipated	
Erythritol (149-32-6)	No	No	None

12. Ecological Information

Environmental Fate:

No information found.

Environmental Toxicity:

No information found.

13. Disposal Considerations:

Whatever cannot be saved for recovery or recycling should be managed in appropriate and approved waste disposal facility. Processing, use or contamination of this product may change the waste management options. State and local disposal regulations may differ from federal disposal regulations. Dispose of container and unused contents in accordance with federal, state and local requirements.

14. Transport Information

Not regulated.

15. Regulatory information

WHMIS:

This MSDS has been prepared according to hazard criteria of the Controlled Products Regulations (CPR) and the MSDS contains all of the information required by CPR.

16. Other Information

NFPA Ratings: Health:0 Flammability: 1 Reactivity: 0

Label Hazard Warning:

As part of good industrial and personal hygiene and safety procedure, avoid all unnecessary exposure to the chemical substance and exposure prompt removal from skin, eyes and clothing.

Label Precautions:

INTENDED FOR R&D USE ONLY.
NOT ON THE TSCA INVENTORY.

Label First Aid:

Not applicable.

Product Use:

Research and Development Use Only. Note: Chemical substances that are manufactured or imported in small quantities solely for the use in Research & Development are not subject to the notification requirements of the Toxic Substances Control Act (TSCA), 15 USC 2604 (h) et seq. Reference – 40 CFR 720.36. These products are not on the TSCA Inventory. They are used only in Research and Development..
